

Winter Shutdown in City Right of Way

With the onset of cold weather, The City of Dickinson wants to notify contractors and residents of the winter shutdown.

November 13th, 2022 will be the last day of allowable construction in City right-of-way. The City reserves the right to change the date if it is in the best interest of the community. Please coordinate with City staff if there is an emergency that requires work within the right of way after this date.
