

# Want to learn if you have antibodies to COVID-19, the vaccine, or both? Participate in our project!

## Immunosurveillance and Experiences of COVID-19 in North Dakota

### What is the purpose of the project?

- To better understand the level of population immunity to COVID-19 brought on from natural infection, vaccination, or both
- To understand the COVID-19 experiences of the citizens of North Dakota

### What are the opportunities to participate?

- Complete a survey
- Participate in a blood draw and PCR testing event
- Participation is completely voluntary!

### Who can participate?

- Any North Dakota adult aged 18 or older

### What do participants receive?

- Results of your COVID-19 antibody tests
- Results of your PCR test
- A \$10 gift card
