Community Members,

On the morning of November 11th, the City of Dickinson concluded the snow cleanup in the Downtown District. We would like to remind all businesses that it is the owner's responsibility to remove and dispose of snow from their properties. Please note, that it is illegal to deposit snow on the city streets and alleys.

We would also like to remind citizens of the 48-hour parking ordinance. Please note that nothing can be parked on a public street without moving for longer than a period of 48 hours. The City of Dickinson will be notating overparked vehicles including construction roll-offs and storage containers that are found to be in violation of this ordinance. Thank you for your cooperation and assistance in helping with the snow removal efforts throughout the winter season.

Consider downloading the Dickinson Works app from the [App Store](#) or [Google Play](#) to get the latest information regarding snow routes and removal status. Additionally, monitor our social media page for updates.
